## *Network Disclosure Announcement No. 393*

Public Notice of Network Change(s), Pursuant to CFR 47, subsections 51.325 - 51.335.  
U S WEST Communications' Internet address: <http://www.uswest.com/disclosures>.

### LONG DISTANCE ALERT

Original Disclosure Date: November 5, 1997

Update to Network Disclosure #384

This document provides an update to the timing where U S WEST Communications plans to deploy Long Distance Alert enhancement to Call Waiting. The following summary and interface specifications were announced in Network Disclosure #384 and are reiterated below as this document completely replaces #384. An asterisk in the left margin denotes a change or addition from the previous release.

**Summary:**

This disclosure announces U S WEST Communications intent to deploy Long Distance Alert service on a limited basis. This Call Waiting and Distinctive Ringing service modifies the current call waiting and ringing operation to allow for distinctive call waiting tone or a distinctive ringing pattern for long distance type calls. The calls coming in over IC trunks will be treated as long distance calls. The calls coming in over LTOLLCON trunks will be screened to determine if they are long distance by checking the Signaling System 7 (SS7) parameters: Calling Party Number and Charge Party Number. Thus, this service only applies to local end-offices with SS7. If there is no Calling Party Number and no Charge Party Number, and the call comes in over an LTOLLCON trunk, then the switch will treat the call as a long distance type call.

**Location and  
Timing of Deployment**

See the attachment for a list of office deployment schedule. Further deployment will be disclosed at a later date.

**Pricing:**

This feature will be filed in appropriate state tariffs.

**Interface Requirements:**

Additional technical interface requirements can be found in the following publications:

**Bellcore Technical Documents:**

TR-TSY-000219 CLASS feature: Distinctive Ringing/Call Waiting,  
Publication number Issue 2, June 1993. \$136.00

GR-1517 - Set: Class(SM) Feature: Outside Calling Area Alerting  
(OCCA), Publication number Issue 2, January 1996. \$90.00

**Lucent Technologies Technical Documents:**

231-090-158 - 1ESS and 1AESS Switches(Distinctive Ringing/Distinctive Call Waiting Tone Feature, Issue 5, August 1996. \$34.80

Bellcore documents can be obtained from:

Bellcore Customer Relations  
8 Corporate Place, PYA 3A-184  
Piscataway, NJ 08854-4156  
Fax: (908) 336-2559  
Phone: (800) 521-CORE (2673) (U.S. and Canada)  
Phone: (908) 699-5800 (Others)

Lucent publications can be obtained by writing or calling:

Lucent Technologies  
P.O. Box 19901  
Indianapolis, IN 46219  
or call 1-888-LUCENT8  
Web site address: <http://www.lucent8.com>

**Service Description:**

Deployment of Long Distance Alert will enhance the call waiting feature for existing call waiting customers by sending a distinctive ring and/or distinctive call waiting tone. It will be offered as one product, **made up of distinctive ring and distinctive call waiting tone when subscribing customers receive a long distance call.**

**Additional Information:**

Any customer premises equipment vendor or manufacturer wanting additional information may contact:

Gwen Law  
U S WEST Communications  
Project Manager  
5090 N. 40th  
Phoenix, AZ 85018  
(602) 351-5216

Technical questions can be directed to:

Ryan Affleck  
U S WEST Communications  
Network Planning  
700 W. Mineral MNF 15  
Littleton, CO 80120  
(303) 707-7037

NOTE: This announcement has been released in accordance with the FCC Rule 51.333(a), Certification of Short Term Public Notice.
