

Network Disclosure Announcement No. 799

Short Term Public Notice Under Rule 51.333(a)

CenturyLink's Internet address: <http://www.centurylink.com/disclosures/>

E9-1-1 Served by CenturyLink's PlantCML Sentinel ECS-1000 Routers/ANI-ALI Controllers in the State of North Carolina.

First Implementation Date: *April 30, 2018*

Original Date Posted:

January 31, 2018

Summary:

CenturyLink announces the planned decommissioning of Elkin, North Carolina ECS1000 911 Selective Router. All 911 trunks will be transferred to an existing DMS-100 switch that shall provide the Selective Router functions. The Telcordia® LERG™ has been updated accordingly. In addition, the 911 voice trunk network currently provided by CenturyLink's ECS-1000 serving four North Carolina PSAPs will be rehomed to the Elkin, North Carolina DMS100 CenturyLink Selective Router. Carriers will need to provision new end office 911 trunks (ES trunks) for the impacted counties/PSAPs to the DMS100 CenturyLink Selective Router, replacing existing trunks to CenturyLink's ECS-1000 Selective Router. After the migration, the Elkin, North Carolina ECS1000 Selective Router will be decommissioned and the 911 Selective Routing services in North Carolina will be handled by the pertinent DMS-100 CenturyLink Selective Router. The impacted Counties and PSAPs include:

- Davie County
- Stokes County
- Alleghany County
- Yadkin County
- Surry County (Route to West Safety Services)
- Ashe County (Route to West Safety Services)
- Wilkes County (Route to West Safety Services)

911 Selective Router Name	Elkin
911 Selective Router CLI	ELKNNCXA1ED
911 Selective Router Type	ECS1000
Current Point Code	None
New 911 Selective Router CLI	ELKNNCXA5ED
New 911 Selective Router Type	DMS100
