

## Summary of Notes for CenturyLink Regional Performance Results Report

December 20, 2016

### General Comments:

- This Summary of Notes is based on the current PID in effect in each state in accordance with state-by-state implementation. Detailed information on which PID (Exhibit B) version is in effect can be viewed on line at <http://www.centurylink.com/wholesale/clecs/nta.html>
- Instances where no CLEC and/or CenturyLink results are reported for a particular month, and instances where no measurement is reported, are due to no CLEC activity.
- New Service Quality (OP-5) and Repair Repeat Report Rate (MR-7) are reported one month in arrears. When a documented code change includes one of these PIDs, the impacted month is one month behind. As an example, if the change applied to OP-3, OP-4, and OP-5 as was completed in the June 2005 release, June would be reported in the implementation column. This would indicate that the change applied to June results going forward for OP-3 and OP-4, but since OP-5 is reported one month in arrears, the change applied to the May results reflected on the June report and going forward.
- When a change requires a rerun of historical data the effective date column will record the start month for the rerun.
- Eff 8/04 Wholesale results for BI-2 - Invoices Delivered within 10 Days may include non-251 products provisioned as part of Commercial Agreements. This level of identification/exclusion from 271 Billing results is not available at this time.
- VoIP Listings are included in the batch process and therefore included in performance results for DB-1 - Time to Update Databases effective 8/6/04.
- For notes regarding monthly reports for 2015, see Summary of Notes for January 2015 through December 2015.
- Summary of Notes is published on an as needed basis when reportable changes to the reports are made.

PID Numbers	Products (if applicable)	Description of Note/Comment	Implementation Month	Effective Month
OP-3 and OP-4	All	Enhanced code to better identify and exclude non-company caused delays.	Feb-16	Feb-16
PO-5B(a)	Resale Services	Implemented code to add data missing for Idaho reports.	Mar-16	Mar-16
OP-8	All	Implemented code change to exclude internal conversion activity ineligible for reporting	Apr-16	Apr-16
OP-3, OP-4 & OP-5	All	Added new jeopardy codes for more accurate reporting of commitments.	Jun-16	Jun-16
